1. What motivated you to start making scrapbook layouts and begin stamping?

Once my son was born, I didn't really have a way to share him with my family. I lived a million miles away from my entire family so there was no one visiting. I decided to start scrapbooking so that I could mail them small 6 x 6 layouts of him often. It was easy and fun. They loved receiving them.

2. How did you fall in love with Altenew?

I was introduced to Altenew through [May!](#) I love her clean and simple style using Altenew's stamps and wanted to emulate that.

3. You have always been super creative not just with your layouts but with your other DIY projects too! Do you have a favorite technique to do?

I love creating mini albums! Times are changing, so should our scrapbooking. I love showing others different ways to document their lives. Albums, big or small, are a fun way to share your lives with others.

4. Do you have a specific style that you are comfortable with or like to stick to?

I have a very clean and simple style. I love the look of simple. It's elegant to me.

5. Can you share a favorite layout/project that you made previously using Altenew products?

Yes, my favorite projects are the [traveler's notebooks](#).

*Products Used: [Live Your Dream 12x12 Paper Set](#),
[Live Your Dream Die Cut Embellishments](#)*

6. This is just for fun! If you can choose only three crafting supplies for the rest of your life, what would you choose?

The three craft supplies that I would choose are Altenew Permanent Black Ink, my sewing machine, and my paper trimmer.
